***I AM IN POLITICS,
BECAUSE
I WANT TO ACTIVELY
SHAPE MY MUNICIPALITY.***

It is important to me that people feel good in their municipality. Through my profession as a teacher, I am particularly involved in school and social politics.

MY COMMITMENT

I am campaigning for a football pitch with synthetic turf in the municipality of Kayl. Our municipality is basically the only one in the country where there is no pitch. The great advantages of a synthetic turf are: -it is x times more resistant, it offers perfect playing conditions in any weather and it can also be used by school classes for physical education.

MÉLANIE GRÜN

30 years old. Kayl.

SOMETHING PERSONAL

I run three to four times a week which for me is the perfect balance to the stressful school day. Here, I get the best ideas for my private life, but also for school and politics.

POLITICAL MANDATES

Member of the school and youth commission of the municipality, Secretary of the section CSV Kayl/Tetange, Member of the CSG national committee.

POLITICS IS BASED ON AN EXCHANGE OF VIEWS AND SOCIAL INTERACTION.

First and foremost, with the citizens, getting involved, talking, and deciding together. For me, the most important thing is to be close to the people, to listen to them, to take their concerns seriously and to be there for them - even when it is difficult – and to look for common solutions.

MY COMMITMENT

As active member of the youth and sports commission, I work on the project “Deng Meenung zielt” in cooperation with the Nordstadtjugend. This is a platform where young people can share their concerns and ideas for the municipality. This way, young people come into contact with democratic processes at an early stage.

VINCENT KOKS

25 years old. Ettelbrück.

SOMETHING PERSONAL

I am an graduated educator and I am doing a bachelor in social work. I am a member of the scouts, the choir and the local association.

POLITICAL MANDATES

Member of the youth and sports commission in the municipality, International Secretary of the CSJ, Member of the CSV - and CSJ-North, Treasurer of the CSJ-North.

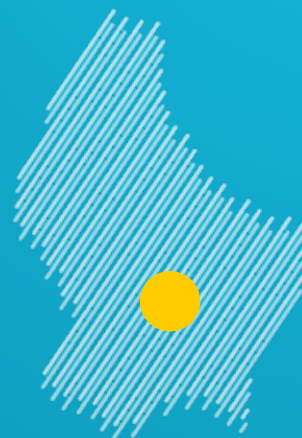

MUNICIPAL POLITICS IS VERY MOTIVATING.

There you can develop projects with motivated people (who become friends over time) and participate in their practical implementation.

MY COMMITMENT

In our municipality, 41% of the inhabitants were not born in Luxembourg. For this reason, I am campaigning for the establishment of a language café so that they can better interact with each other.

ANGELA LIMA DE PINA

48 years old. Lorentzweiler.

SOMETHING PERSONAL

I first came into contact with politics through my former karate coach Misch Feidt who is actually an alderman in the municipality of Walferdange.

POLITICAL MANDATES

Vice President of the CSV Lorentzweiler, Member of the building commission and the climate team of the municipality.

IT IS POSSIBLE STAND IN THE MUNICIPAL ELECTIONS WITHOUT WANTING TO BECOME MAYOR OF THE MUNICIPALITY.

Politics is a team sport. Echternach is a city on the move, a city that is alive. I want to maintain this status quo and ensure that our children have a bright future in Echternach.

MY COMMITMENT

As president of the “Syndicat d’initiative et de tourisme”, I am committed to our tourist office and campsite, so that tourists continue to come to Echternach. Some time ago, I agreed to become a parent representative to facilitate communication between pupils, parents, school staff and the school commission of the municipality.

SASCHA HIPPE

40 years old. Echternach.

SOMETHING PERSONAL

To spend time with my family: my wife Kerstin and our two sons Alex (6 years old) and Ben (3 years old), holidays with the caravan.

POLITICAL MANDATES

Vice-President of the CSV-Echternach, Member of the CSV-Est and the CSG, President of the “Syndicat d’Initiative et de Tourisme” d’Echternach, President of the Echternach Christmas market, Member of the building and finance commission.
